

What I stand for as a mayoral candidate of 2021 Municipal Election in the City of Calgary

Without you, and your vote, I would not be able to do the following:

1. I have 3 major plans to revitalise the economy of Calgary. They will be disclosed at the Final Television debate.
2. To help reducing the operating cost of the city, I will reduce my pay by 25%.
3. To improve road traffic flow & safety in simple ways.
4. To promote/maintain Calgary as World's No. 1 Cleanest City.
5. To improve the safety/structure of patios by encouraging new university graduates to volunteer as inspectors.
6. To support oil and gas industries until/unless no vehicles driving with gasoline and aeroplanes flying with jet fuel.
7. To promote solar energy & wind energy for electricity productions.
8. To improve the quality of life of Drop-In Center clients.
9. To promote the links of each community associations, by bridging Western and Eastern cultures.
10. To introduce more garden parks/horticulture centers.
11. To promote Calgary as a major Engineering Hub, food processing center for export instead of import.
12. To improve the operating cost and quality of drinking water.
13. To promote Calgary as a major center for Multi-Cultural Events and Martial Arts Competitions.
14. To advance IT & AI technologies.
15. To control the noise & exhaust pollutions of vehicles.

Therefore, give me one moment in time to set my destiny for the betterment of this and next generations.
